Safety Tips:

Every year over 100,000 people enjoy a leisurely float down the Boise River. Please enjoy your day and keep the following guidelines in mind:

- Make sure everybody in your party can swim;
- Alcohol, drugs and the river do not mix;
- Wear a Personal Floatation Device (PFD) as they are included with your raft rental and are available upon request when you rent a tube. State Law requires that all vessels, including rafts, kayaks, and canoes be equipped with a PFD for each person and children 14 years of age and younger, onboard vessels 19' or less, must wear an approved PFD when the vessel is underway;
- Do not take infants or small children on the river;
- Use the "BUDDY SYSTEM";
- Make sure friends or family know when you're going on and getting off the water;
- Wear appropriate clothes and covered shoes to protect your feet;
- If you get cold simply get off the water;
- Be aware of your surroundings and identify your location on the river by a landmark – allowing a Rescue unit to provide assistance faster;
- If you fall into the water, stay calm, keep your feet pointed downstream, use your arms to ferry you across the water away from hazards, use your feet to push you away from rocks and other obstacles, and let your PFD work for you;
- Leave the river cleaner than you found it;
- Do not take glass containers on the river or in the parks.

# 2018 Boise River Raft & Tube Rentals

## Boise River Floater's Information Guide

### I've never floated the Boise River before. What do I do?

People rent equipment at Barber Park or bring it from home and air up at Barber Park. The park has air stations and a raft and tube rental. Boise River Raft and Tube Rentals provides quality rentals and shuttle services.

Most people park and launch at Barber Park, then float down to Ann Morrison Park. The float takes approximately 2 hours (about 6 miles). Floaters need to get out of the river at the footbridge in Ann Morrison Park (on the left river bank as you float downstream). There are stairs on the west side of the bridge. On that bridge, there is a white sign with red letters that states, "Caution Dam Ahead." Get out of the river at that point.

The shuttle bus departs from Ann Morrison Park between 1:00 p.m. and 8:00 p.m. Monday – Thurs. and 1:00 p.m. to 9:00 p.m. Fri., Sat., Sun. and Holidays. It arrives at Ann Morrison Park every hour on the hour Monday-Friday., and approximately every 20 minutes Sat., Sun., and Holidays. The bus will bring you and your equipment (pets are **not** allowed on the bus) to Barber Park. The cost is \$3.00 per person.
